

## **Dcorp Code of Ethics**

**Transparency** - Dcorp will conduct all business within the transparency afforded by the blockchain in which we operate. All aspects of the organization will hold firm to the democratic process in accordance with our structure.

**Inclusion** - All persons who maintain a balance of at least one (1.0) DRP will be considered a shareholder and as such, will be afforded a voice through Dcorp's voting process.

**Blockchain Environment** - Dcorp will operate within the blockchain with consideration to its health and usability; not only pertaining to Dcorp, but with particular concern for the entire Ethereum community at large.

**Excellence** - Deliver the best possible results through continuous improvement and innovation, while utilizing all resources specifically, but not limited to the Dcorp community.

**Commitment** - Decisions made will be done so with the highest consideration for the health of Dcorp and all DRP holders. Individualistic intents shall be addressed and dismissed at all levels.

**Integrity** - Dcorp will promote a culture of moral, ethical, and fiscal responsibility, through our decentralized platform and compliance with our Code of Ethics.
